

# COUNTRYSIDE VET SERVICE

**“Advanced Medicine With A Compassionate Touch”**

## Health Fair Rescheduled!!

The YMCA in Taylorville will be hosting a Kid's Health Fair Day on Saturday May 20th from 9AM-11AM. Come see Countryside Vet Service educating the society on Dog Bite Prevention.

**DEFENSIVE AGGRESSION**

## Welcome Dr. Natalie

Everyone please help us welcome Dr. Natalie Kocel! Natalie graduated from the University of Illinois. She will be starting in June!

## Junior Vet Day

Join us on Saturday June 24th from 8:30AM-12PM for a day filled with activities to help teach our young society about veterinary medicine. The event will cost \$30 per child (Kindergarten - 6th grade), this includes lunch, stethoscope, scrub outfit, backpack and more! Parent/Guardians must be present during the activities. Call the Taylorville clinic to ask for a registration form!

## Flea Facts

Fleas have 4 common life stages. Did you know the most common flea is called the cat flea which infest both cats and dogs. This flea can jump 8ft vertically! A female can lay 2000 eggs in her life time. A flea can live up to 100 days without a blood meal, that means your pet needs 4 months of prevention to be fully protected.

## Closed for the Holiday

Both the Taylorville and Nokomis offices will be closed on Monday May 29th in remembrance for Memorial Day. If you have an emergency Dr. Meghan will be on call to assist with any sick patients.

**Happy Memorial Day**
