Hold onto Your Hooves

Dr. Stacey Funderburk will be presenting on the 6 most common diseases of the foot. The dinner will be held on Tuesday February 26th at 6 P.M. at the Vision Way Church Fellowship Hall.

RSVP: By February 18th at 217-824-3051

Address: 1124 N Webster St. Taylorville, IL 62568

Train Your Dog Month

Having a new puppy is exciting, teaching them how to be a good puppy takes work. To have a well behaved dog follow the tips and check out the link below.

- Have a stern voice when requesting commands such as “sit” or “no”, etc.
- Always reward with treats when command is done correctly
- Never let your dog get away with jumping or barking without correcting the behavior

“To achieve a skill always reward for reaching a goal!!”

Client Review

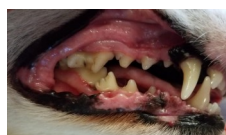

“ I would highly recommend Countryside Veterinary Service. It’s a beautiful building, the staff are so polite and sweet and go above and beyond to help the animals. Thank you Countryside Services for giving her a fighting chance to live and have a great life!”

- Shelly K

Patient of the Month

Gracie presented to us with being urinary incontinent and having bad breath, our digital x-ray showed she had urinary stones in her bladder. Dr. Natalie removed her bladder stones and gave Gracie a bright new smile.
