Senior Wellness Exam

Our Senior Wellness Package is not just for your dogs and cats. Our senior wellness package can also be a good yearly exam on your horses as well!

HORSE

- Equine Exam
- CBC
- Comprehensive Profile for equine
- Thyroid Panel
- Fecal Float

DOG/CAT

- Comprehensive Exam
- CBC
- Comprehensive Profile
- Thyroid Panel
- Urinalysis

Pet Diabetes Month

Pets with diabetes cannot produce or utilize insulin properly, preventing the conversion of food to energy. Without the conversion to energy, extra sugar left in the blood leads to lethargy and other health problems. It is estimated that 1 in 300 adult dogs and 1 in 230 cats in the US have diabetes. Diabetes cannot be cured, but with proper treatment and monitoring, your pet can live a long, happy life.

Symptoms:

- Excessive thirst & urination
- Weight gain
- Lethargic

Dog's normal: 80-120

Cat's normal: 120-300

Sheath and Teeth

It is the last few weeks to get your equine teeth and sheaths cleaned before the temperature drops! Call either clinic and get scheduled now!

Happy Thanksgiving!!
